Address- Hamlet- Lavwa tepra, Madhavpur, Tarabganj road, Distt.- Gonda, U.P.-271001

OBJECTIVES :

As a skilled React JS and Java developer, my objective is to contribute my expertise in building cutting-edge web applications and software solutions for an IT company. I aim to leverage my strong programming skills, problem-solving abilities, and passion for technology to deliver high-quality code and innovative solutions that drive business success..

SKILLS :

- **Java**
- **JavaScript**
- **HTML**
- **CSS**
- **MYSql**
- **MongoDB**

Work experience(project):

- **To-Do List Application :**
  . Create a simple to-do list application with features like adding tasks, marking them as completed, and filtering based on status or categories.

- **Weather Application:**
  . Develop a weather application that retrieves weather data from an API and displays it in an intuitive and visually appealing way.

- **E-commerce Website:**
  . Build an e-commerce website where users can browse products, add them to a shopping cart, and complete the checkout process.

Qualifications :

Qualifications	College/ School	Year	University	Percentage
Bachelor in Technology (B.Tech.)	B.B.D. National Institute of Technology and Management _Lucknow_	2023	Abdul Kalam Technical University	7.02 CGPA
